## **VIRGINIA LAKE MANAGEMENT AMONG NATION'S BEST AQUATIC ENVIRONMENTAL STEWARDS**

Virginia Beach, VA – Throughout the 13-year history of SePRO Corporation's Preferred Aquatic Applicator program, only the top companies in the aquatic plant management industry from around the country have gained and maintained membership in the distinguished organization. Companies who are invited to become SePRO Preferred Applicators receive specialized training and access to product and service information directly from SePRO and are required to complete several annual industry building and training activities in order to become and remain a part of this exclusive association.

Virginia Lake Management, a SePRO Preferred Applicator company since 1999 recently attended SePRO's 2009 Advanced Seminar on Aquatic Plant Management, which focused on the latest advances in sustainable practices and technical solutions for aquatic ecosystem restoration. The seminar featured techniques through which a SePRO Preferred Applicator company can maintain long-term success both as a business and as a cutting-edge, technologically advanced aquatic plant management enterprise.

Virginia Lake Management was honored with additional recognition at the seminar as a recipient of the 2009 "Sustainable Leadership" Award. The winner of this award was recognized for overall excellence in programs and management solutions that work in conjunction with government agencies, lake associations and private property owners to protect and restore aquatic ecosystems. Virginia Lake Management was lauded for its continued leadership in sustainable management practices, which protect aquatic environments and advance a sustainable future for its business and employees as well as the entire aquatics industry.

All SePRO Preferred Applicators are committed to protecting, restoring and enhancing valuable water resources, an essential element of a sustainable global future. Their dedication to serving the aquatics industry and the environment is reflected by a shared interest in utilizing the latest advances in training, technology and sustainable solutions. Virginia Lake Management is proud to be part of a select group of professionals throughout the United States whom SePRO has recognized as the very best in the industry.
